

## Delivery Services

Lovin' Spoonfuls operates a fleet of refrigerated box trucks throughout Eastern Massachusetts. Our trucks are operated by trained, ServSafe certified, and insured Lovin' Spoonfuls employees Monday through Friday. Our fleet of trucks serve over 40 cities and towns, reaching both rural and urban communities. At times, our trucks have additional capacity and are able to accommodate deliveries outside the scope of food rescue.

Refrigerated delivery services could include, but are not limited to:

- Farm product delivery to retailers or restaurants
- Pick up of deliveries you're unable to transport otherwise
- Greater Boston Food Bank order pick up and delivery

If you have product that needs to be moved within or near the following communities, please reach out to get an estimate from our Operations Manager, Sean Ahern ([sean@lovinspoonfulsinc.org](mailto:sean@lovinspoonfulsinc.org)). Fees are based on time and space usage and are calculated on

a case by case basis. To provide adequate time for planning and pricing estimates, please inquire at least one week in advance of the scheduled delivery.
